IN REPLY REFER TO: WESVT

21 January 1974

Dr. L. I. Kudoyarov  
U.S.S.R. Ministry of Power and Electrification  
Kitaysky Proezd No. 7  
Moscow, RUSSIA

Dear Dr. Kudoyarov:

Dr. William Butcher, Head of the U.S. Delegation on Water Resources, tells me that you are the replacement for Dr. Gengard as U.S.S.R. Project Coordinator for Cold-Weather Construction Techniques. For your information there is attached a copy of a letter dated 1 August 1973 which I wrote to Dr. Gengard (Incl 1). The proposed plan of action forwarded with the letter is also attached.

It is understood from your conversations with Dr. Butcher during December that you would send me items on which the U.S.S.R. delegation desired to initiate cooperative action. Upon receipt of this information I will try to incorporate it with the U.S. proposal so that we might reach an early agreement and initiate some cooperative action.

It is the desire of the U.S. delegation to get something started as early as possible. Therefore, I hope I can look forward to an early reply from you.

Sincerely yours,

*Fred R. Brown*

FRED R. BROWN  
U.S. Project Coordinator  
Cold-Weather Construction Techniques

1 Incl  
As stated
